

Frequently Asked Questions

1. Is it possible for organisations belonging to a university to apply?

Yes, as long as they can prove a permanent and ongoing cultural activity for at least two years.

2. Will there be a sample proposal?

No, we will not make available a sample proposal.

3. Is it necessary to give a detailed overview of the institutions' technological and digital needs?

We recommend describing the most important technological needs (services, digitalization steps, etc..) required to implement the pilot for the jury to get a better understanding of it.

4. What exactly is meant by a yearly turnover or balance sheet of less than 2 million for core museum operations?

The annual turnover is determined by calculating the income that an enterprise received during the year in question from the sale of products and provision of services falling within the company's ordinary activities (i.e museum operations), after deducting any rebates. Turnover should not include value added tax (VAT) or other indirect taxes.
