pilot & institution	

Outline of the session	Please outline the principal points and action areas that you've touched upon with your mentees during the session.
Remarks / positive points and endorsement areas (pilot)	Share with us the pilot's strong points and where most progress has been made thus far.
Remarks / concerns and room for improvement (pilot)	Let us know which aspects need more consideration, care, or focus and what kind of support might be needed.
Remarks / pilot sustainability and grow-into areas (institution)	Where you think the potential for further development lies, or what is the pilot's long-term adoption or integration potential within the institution?
Sharing is Caring / references and shared materials	Please share any materials (inspiration cases, relevant tools and literature etc.) you consider helpful for the pilot, other pilots in the same innovation area or the cohort, in general.
Recommendations / (Incubation Programme)	What do you recommend we include in the shared Incubation Programme to benefit the cohort?
