

Deep Space LIVE

Cartographic Treasures II – Mercator Atlas

Thursday, January 12, 2012 / 8-9 PM / Ars Electronica Linz

(Linz, January 10, 2012) A lavishly illustrated evening devoted to historic maps is in store for visitors to the next Deep Space LIVE this Thursday, January 12, 8-9 PM. Günter Kalliauer, director of the Wels Municipal Archive, will spotlight Gerhard Mercator, one of the 16th century's most important cartographers. The man who coined the term atlas produced maps and globes that were prized throughout the world for their high degree of precision. flight specialists in the private sector, at research facilities and government agencies.

Deep Space LIVE

The Ars Electronica Center is now hosting a Deep Space LIVE event every Thursday (except holidays) at 8 PM. Each presentation will feature ultra-high-definition imagery in 16x9-meter format and will be accompanied by expert commentary, entertaining stand-up repartee, and musical improvisation. Whether great works from the history of art, space travel, journeys of discovery in the Nanoworld, or a live concert is what you've come to behold, Deep Space LIVE stands for enlightening entertainment amidst breathtaking worlds of imagery. Admission is €2. Holders of a valid Museum ticket are admitted free of charge.
